

QUIZ SECTION

And now it's time for some exercises using our cookbook.

PR	QRS duration	Rotation	Hyper-trophy	Infarction					
I° AV block	Dilated left ventricle	Normal transition zone	Right ventricular hypertrophy	Anterosseptal region					
WPW syndrome	Dilated right ventricle	Clockwise rotation	Left ventricular hypertrophy	Anterior wall					
LGL syndrome	Complete LBB	Counterclockwise rotation		Anterolateral region					
	Complete RBB			Lateral region					
				Posterolateral region					
				Posterior wall					
				Inferior wall

I° AV block				
WPW-syndrome			Right ventricular hypertrophy	Anteroseptal region
LGL-syndrome			Left ventricular hypertrophy	Anterior wall
	Complete RBBB	Normal transition zone		Anterolateral region
	Complete LBBB	Clockwise rotation		Lateral region
	Dilated right ventricle	Counterclockwise rotation		Posterior wall
	Dilated left ventricle			Inferior wall
